

# Donations Welcome

The Friendly Garden Club of Traverse City is a 501(c)3 non-profit organization that encourages the love of gardening and knowledge of all of nature's wonders. We promote civic beautification, environmental responsibility, and create true and caring friendships among our members.

All monies raised from our projects are totally given back to the community by way of grants and scholarships. Every year we plan, design, and plant the Logo Garden in the Traverse City Open Space to help beautify our city. We support the Grand Traverse Area Children's Garden both financial and by mentoring children in the "Roots to Mouth" program. We also showcase beautiful gardens in our community with our objective to cultivate a love and understanding of trees, plants, and flowers. These are just a few of our club's ongoing projects.

If you are interested in contributing to our organization, you can donate by mailing this form with a check made out to
